

**Sigma's Track Maths workbooks provide students with a dual pathway towards success in mathematics. Matching the maths workbook more precisely to a student's ability level means they have a better chance to reach their full potential.**

With two workbooks available for each year group, mid-band students get more revision time working from an *On Track* book, while the *Fast Track* books can be used to fully extend more able students. Stay connected with more of your mid-band students, while your able students remain fully engaged doing questions at a higher level.

Put both *On Track* and *Fast Track* workbooks on your stationery list and make a long-term difference for all. Parents - we sell direct to you via our website. These best-selling workbooks include the following features :

- ◆ Teaching Instruction Boxes
  - ◆ Chapter Tests
  - ◆ Curriculum / Chapter Links
  - ◆ Fully illustrated
- ◆ Worked examples
  - ◆ All Pages Removable
  - ◆ Removable answers included
  - ◆ Good sized answer spaces
